Real-time Brainstorming
Simultaneously work on maps with friends and colleagues and see changes as they happen.

Secure & simple
Industry-strength security features, unlimited undo history and an award-winning user interface.

Mobile access
Access your online mind maps whenever you are with our mobile apps for iPhone and iPad.

Mindmeister

<http://www.mindmeister.com/>

MindMeister brings the concept of mind mapping to the web, using its facilities for real-time collaboration to allow truly global brainstorming sessions. Users can create, manage and share mind maps online and access them anytime, from anywhere. In brainstorming mode, fellow MindMeisters from around the world (or just in different rooms) can simultaneously work on the same mind map and see each other's changes as they happen.

Growing Pains

Who's here

16,145 teachers
13,900 schools
330,053 students

Free web sites for teachers

ClassJump.com provides teachers web sites free of charge, where multiple classes can be managed and updated using an easy to understand interface. No knowledge of web site programming is needed to get your class or classes set up and quickly providing up-to-date information for your students and parents.

- Post homework
- Upload Documents to share with the class
- Post upcoming events to your calendar
- Post articles of interest and links to resources
- Receive documents uploaded by students
- Start a class message board, just for you and your students
- Create unlimited numbers of photo albums

For students

- Create your own account here
- Relate yourself to classes
- View your own calendar of homework and events
- Upload documents for yourself and/or your teachers
- Participate in the class message boards

Try it out

Since the teacher web sites are offered free of charge, feel free to set one up and try it out for yourself. If you find it beneficial, that's great. If you find that it's not for you, then no harm done.

Welcome to Wallwisher
... a new way to communicate

wallwisher is

an online **NOTICE BOARD** maker....!!

...it is ideal for making announcements, wishing people, keeping notes, and things you can do with Post-its... and more....

use it b*cuz

it's easy
no user registration needed
click-write-post, that's it!

it's effective
say more with images, music,
video, and pages

it's intuitive
works like a real notice board
drag, drop, re-arrange posts

next steps

build a wall

it's the next fastest thing to light

view demo wall
see the awesomeness in action

view screenshot
well, if you're that lazy/busy

Primary Wall
